Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomise the values of the designers and engineers who have created them. Each one instilled with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.
RANGE ROVER VELAR

Range Rover Velar is a revolutionary member of the Range Rover family, sitting between the Range Rover Evoque and the Range Rover Sport. Taking glamour, modernity and elegance to an exceptional new level, it combines an emotionally charged DNA and unquestionable design pedigree.

THE WORLD OF LAND ROVER 90
YOUR PEACE OF MIND 95

Search ‘Range Rover Velar’ to see the vehicle in action.
Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent). Vehicles shown are from the Land Rover global range. Specifications, options and availability will vary between markets and should be verified with your nearest Land Rover Retailer.
THE RANGE ROVER THAT CHANGES EVERYTHING

“Range Rover Velar’s interior is a calm sanctuary, created through elegant simplicity and a visually reductive approach, with design enabled technologies like the Touch Pro Duo infotainment system. All-LED lights and deployable flush door handles on the exterior complete a truly compelling design and, of course, it’s a Land Rover with unrivalled capability in all conditions. Introducing the Range Rover Velar: the avant-garde Range Rover.”

Gerry McGovern
Land Rover Chief Design Officer

Features and their availability may differ by vehicle specification and market. For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).

COMPELLING DESIGN

Range Rover Velar’s design is revolutionary. Its elegant sides and exemplary range of standard features such as flush deployable door handles and integrated rear spoiler all improve aerodynamic efficiency, while the foil-stamped grille gives the vehicle’s front profile an undeniable presence. Sleek LED headlights and rear lights are also standard. Matrix LED and Matrix-laser LED headlights are available as an option. See page 8 and 36 for details.

INTELLIGENT VERSATILITY

To make your journey even more comfortable, Range Rover Velar provides 970mm head clearance and 43mm knee clearance for occupants, along with exemplary loadspace of 673 litres1. Optional Electronic Air Suspension2 enables automatic access height for elegant entry and the option of powered gesture tailgate allows simple loading with hands-free access. See page 38 for details.

DISTINCTIVE INTERIOR AMBIANCE

The Range Rover Velar’s cabin minimises wind and road noise through the use of aerodynamic undertrays and acoustically laminated front glazing. Rear passengers can benefit from optional Reclining Rear Seats, optional Four-zone Climate Control and two optional 8” Rear Seat Entertainment screens. See page 11 for details.

DESIGN ENABLED TECHNOLOGIES

The standard Touch Pro Duo infotainment system makes life more connected and entertaining. The system seamlessly integrates two 10” high-definition Touchscreens to enable you to make a phone call on one screen while navigating on the other. Touch Pro Duo is complemented with full-colour Head-up Display, an optional state-of-the-art system providing sharp graphics and optional Interactive Driver Display with configurable touch steering wheel controls. See page 21 for details.

*When Tyre Repair System is fitted. *Not available on D180 and P250 engines. *With optional Electronic Air Suspension.

Please refer to the accompanying Technical Specification for full details on Drive line, Engine Performance and Fuel Economy.
OUTSTANDING CRAFTSMANSHIP AND MATERIALS
A specialist team has meticulously developed every component that you see and touch, to deliver a refined, tactile experience. Supple leathers or premium textile and suedecloth can be specified for seats, steering wheel and extensively throughout the cabin. See page 11 for details.

REFINED EFFICIENT POWER
A choice of V6 and 4-cylinder Ingenium engines deliver efficient, refined and responsive driving. The D300 engine delivers a class-leading torque while the D180 engine delivers low CO₂ emissions.

SPORTS COMMAND DRIVING POSITION
Range Rover Velar’s Sports Command Driving Position helps deliver a more confident, engaged drive. The elevated position gives you unrivalled views, adding to the feeling of safety and security. See pages 11 and 34 for details.

CAPABILITY IN ALL CONDITIONS
Range Rover Velar has world-renowned Land Rover capability at its core. Standard features include All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) and Torque Vectoring by Braking (TVBB) to deliver a connected drive. Adding to driver confidence off-road, optional features include: Electronic Air Suspension², All Terrain Progress Control (ATPC), Terrain Response 2 and an Active Rear Locking Differential. Class-leading wading depth³ of up to 650mm helps provide composure and sure-footed progress in challenging conditions. See pages 14 to 19 for details.
Sophisticated. Intelligent. Advanced. Refined power and effortless elegance combine with exquisite effect in this outstanding example of contemporary automotive design. Range Rover Velar is beautifully balanced, with optimised proportions. Its proud Range Rover lineage is instantly recognisable, from the formal, powerful volumes of the front end, through a flowing, continuous waistline, culminating in a taut and elegantly tapered rear.

The sleek volumes of the lower body, with its flawlessly integrated flush deployable door handles, bear witness to our obsession with the finest detail. Optional 22" wheels optimise the vehicle’s stunning proportions, further emphasising Range Rover Velar’s spectacular on-road presence. At the rear, the vehicle’s design is distinguished by quad tail light signature elements within a full-width graphic incorporating the iconic Range Rover script, seamlessly harmonising the vehicle’s lines to stunning effect.

Search ‘Range Rover Velar Design’ for full details.
CELEBRATION OF INTERIOR DESIGN

Range Rover Velar’s cabin exudes elegant simplicity. The familiar Range Rover interior design architecture, with its strong elegant horizontal lines, blends seamlessly with innovative features to give a feeling of calm, and enhance the driving experience.

Two seamlessly integrated 10” Touchscreens and minimalist controls – fitted as standard – give easy control of the latest advanced technology. As the vehicle is started and comes to life, the revolutionary Touch Pro Duo technology reinforces the overall sense of luxury and innovation. Everything has been designed and crafted to help you and your passengers arrive relaxed. The twin sliding armrests, which operate independently, help maximise your individual comfort.

Beautiful materials, including optional Windsor leather with a signature Cut Diamond pattern throughout the cabin, add a contemporary twist. Modern premium textiles, expertly constructed in collaboration with Europe’s leading manufacturer of high-quality and design led textiles, Kvadrat, are offered as an alternative to leather.

The elevated position of our renowned Sports Command Driving Position enables you to see further down the road and view your surroundings with greater clarity, so you stay in control no matter what the conditions or traffic.

The option of Configurable Ambient Interior Lighting in a choice of 10 colours creates the right mood. Whilst the optional sliding panoramic or fixed panoramic roof floods the cabin with light, bringing the outside in.

Search ‘Range Rover Velar Design’ for full details.
PERFORMANCE AND CAPABILITY

ENGINES

From power and sheer driving pleasure to fuel economy and refinement, there is a range of engines available for Range Rover Velar. Each has been optimised for specific attributes to cater for all needs. All engines are equipped with Stop/Start technology* and smart regenerative charging; this feature harvests kinetic energy from braking to charge the battery for maximum economy, especially during urban driving. Ingenium technology underpins all of the 4-cylinder engines in the Range Rover Velar range. These low friction, all-aluminium engines have stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance.

*Market dependant.
Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
8-SPEED AUTOMATIC TRANSMISSION

All diesel and petrol engines in Range Rover Velar are coupled with an 8-speed Automatic Transmission. With eight closely spaced ratios, the transmission ensures that you are always in the optimum gear, maximising fuel efficiency and acceleration. Gear changes are almost imperceptible and shift schedules intelligently adapt to your driving style. Controls include steering wheel-mounted gearshift paddles, enabling you to take control of gear changes manually.
Range Rover Velar’s drive is supremely confident, connected and effortlessly delivered thanks to a carefully engineered suite of technologies.

**ALL WHEEL DRIVE WITH INTELLIGENT DRIVELINE DYNAMICS**

Range Rover Velar’s All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) fitted as standard delivers both outstanding on-road performance and the full off-road capability expected of a Range Rover. Working together, AWD with IDD continually optimises the engine torque distribution to the front and rear wheels to ensure maximum traction and fuel efficiency in all road and weather conditions. Uniquely developed to meet Range Rover Velar’s requirements, the highly durable transfer box uses an electro-mechanically activated multi-plate wet clutch to deliver smooth and precise distribution to the front and rear wheels. This ensures the constant optimisation is imperceptible from the cabin and available engine torque is maximised to give efficient vehicle traction.

IDD determines the required distribution by continually monitoring the vehicle and its interaction with the road. Typically starting with a 50:50 distribution to ensure maximum controlled stability from the first vehicle movement, the system has the full capability of 100 percent rear bias to 100 percent front bias should road conditions require it. Predictive, as well as reactive, the system helps prevent losing traction as well as working to regain it.

**LOW TRACTION CONDITIONS**

On slippery surfaces, such as wet grass and snow, torque can be balanced between the front and rear wheels to maximise traction. In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for optimum grip.

**HIGH TRACTION CONDITIONS**

On smooth, dry surfaces, Range Rover Velar provides intelligent torque distribution to the rear wheels for the most efficient drive as well as delivering precise agility and handling.

**TORQUE VECTORING BY BRAKING**

Torque Vectoring by Braking delivers controlled, responsive cornering by reducing near-limit understeer through controlled braking of the inside wheels.

- **A** Understeer detected
- **B** Braking force to inner wheels
- **C** Torque to outside wheels maintained
- **D** Line corrected
ADAPTIVE DYNAMICS
The optional Adaptive Dynamics system delivers both precise dynamics and a supple, luxurious ride by monitoring wheel position and body movements. To do this, the system constantly analyses acceleration, steering, throttle and brake pedal activity. The electronically controlled dampers adjust to optimise the suspension settings and provide the optimum balance between comfort, refinement and agility at all times.

CONFIGURABLE DYNAMICS
To enhance either refinement and comfort or the vehicle’s performance, the optional Configurable Dynamics function allows you to configure Range Rover Velar’s throttle mapping, gearbox shift points, steering settings and suspension to suit your driving needs.
Search ‘Range Rover Velar Capability’ for full details.
CAPABILITY IN ALL CONDITIONS

The first vehicle to combine luxury and refinement with world-renowned all-condition capability, Range Rover continues to be leading-edge. Range Rover Velar offers new levels of style, whilst its unique Land Rover technologies and optimised geometry secure its position at the forefront of all-terrain capability.

Land Rover’s patented Hill Descent Control (HDC) is a standard feature. It assists the driver with controlled descents of difficult slopes. It does so by maintaining a constant speed and applying braking separately to each wheel. Hill Launch Assist, which also comes as standard, ensures the vehicle doesn’t roll backwards as it pulls away on an incline. The vehicle also utilises Gradient Release Control (GRC), which again comes as standard, and is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake.

ELECTRONIC AIR SUSPENSION

A sure-footed, composed drive is completed by the latest optional Electronic Air Suspension\(^1\), which provides exceptional wheel articulation and poise. It changes the vehicle’s height quickly, allowing cross-linking of the diagonal wheels to keep all four wheels on the ground on very uneven surfaces. Added to which, it makes loading heavy objects into the boot easier as you can alter the vehicle’s height by +/- 50mm to suit your needs. These functions can be operated via the 10” Touchscreen, from the key fob or button\(^2\) in the loadspace area. The Speed Lowering System also uses the Electronic Air Suspension to reduce aerodynamic drag and fuel consumption at cruising speeds by lowering the vehicle by 10mm from normal ride-height when the speed reaches 105km/h.

ALL TERRAIN PROGRESS CONTROL

All Terrain Progress Control (ATPC) is a state-of-the-art optional system that enables you to set and maintain a steady speed in challenging conditions such as slippery surfaces, including: mud, wet grass, ice, snow and dirt roads. Operating like a cruise control system, it functions between 3.5km/h and 30km/h, enabling you to maintain full concentration on steering and finding a path through obstacles.

DYNAMIC HANDLING PACK

Land Rover has always been synonymous with off road capability. Whether tackling mud, wet grass, scree, sand or snow, our vehicles have a suite of technologies to help you deal with the trickiest terrains with the utmost confidence. The optional Dynamic Handling Pack features a truly comprehensive selection. All Terrain Progress Control, Terrain Response 2, Adaptive Dynamics, Configurable Dynamics and Electronic Air Suspension\(^1\) are all included. No matter where you drive, composure is customary.

---

\(^1\)Not available on D180 and P250 engines. \(^2\)Only available when optional towing equipment is selected. Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
TERRAIN RESPONSE
When you manually select Land Rover’s unique standard Terrain Response system, it sets the vehicle up optimally to match the demands of the terrain, by adapting the responses of the vehicle’s engine, gearbox, differentials and chassis systems. There are six Terrain Response settings: Comfort, Grass/Gravel/Snow, Mud and Ruts, Sand, ECO and Dynamic Mode.

TERRAIN RESPONSE 2
Terrain Response 2 is an option that takes the capabilities of the award-winning system to a new level. This features an automatic setting which monitors the current driving conditions and systematically selects the most suitable terrain setting. You can manually override the system should you wish. This function works seamlessly through the Touch Pro Duo’s Control Panel (lower Touchscreen).

WADE SENSING
Unique to Land Rover, this optional system uses ultrasonic sensors in the wing mirrors to visually and audibly alert the driver if the water approaches the vehicle’s class-leading wading depth of up to 650mm. It does so by providing real-time pictorial information via the Touchscreen about its depth in relation to the vehicle and its maximum wading capability. Only available with 360° Surround Camera².

¹When Electronic Air Suspension is fitted. ²Not available with standard LED headlights. ³Optional on V6 engines only.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.
ACTIVE REAR LOCKING DIFFERENTIAL

The Active Rear Locking Differential ensures the greatest level of traction in all weather conditions both on and off-road.

A typical open differential transfers equal torque to the driven wheels meaning that if one wheel slips then torque transfer to the other wheel is also limited, which reduces traction. Whereas, Range Rover Velar’s All Wheel Drive (AWD) with Intelligent Driveline Dynamics (IDD) and Electronic Traction Control (ETC), both fitted as standard, go two steps further by distributing torque to both the front and the rear wheels, and by braking the wheels independently to improve traction respectively. The addition of the Active Rear Locking Differential delivers the ultimate combination to maximise traction through limiting slip across the rear wheels.

A second multi-plate wet clutch between the rear wheels can lock almost instantly to provide full engine output torque to both wheels. This can be especially useful to deliver effortless capability in low grip conditions such as patchy ice, wet grass or during wheel articulation off-road. It also provides maximum traction when exiting a corner, as when the inside wheel becomes unloaded due to weight transfer, the Active Rear Locking Differential increases the torque to the outside wheel.

Search ‘Range Rover Velar Capability’ for full details.
Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Interior shown is R-Dynamic HSE with Light Oyster/Ebony interior in Windsor leather with optional features.
Unique to Land Rover, the InControl infotainment system, Touch Pro Duo not only looks like no other, it performs like no other. Delivering a wealth of information and entertainment, it features the most intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

Search ‘Range Rover Velar Technology’ for full details.

Touch Pro Duo
The standard 10" dual high-definition Touchscreens allow the user to view required information whilst simultaneously being able to interact with additional features, for increased flexibility and efficiency of use. For instance, you can use the navigation system in the upper screen whilst playing media on the lower screen. Direct access to cabin and seat temperature controls are also available via the multi-function dynamic dials.

For a truly elegant and streamlined appearance, the steering wheel also has hidden-until-lit, touch-sensitive switches as standard. One of these switches is programmable, so that it can be personalised to your preferences to accomplish a host of functions.

Interactive Driver Display
Range Rover Velar ensures you’re always entertained, informed and connected. It features an optional 12.3" high-definition Interactive Driver Display that can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin-sharp graphics. Features can be accessed on either the Interactive Driver Display or the Touch Pro Duo Touchscreens.

Head-up Display
Without distraction or the need for you to take your eyes off the road, Head-up Display is an option that presents key vehicle data such as your speed, gear position and navigation directions on the windscreen. It features crystal clear full-colour graphics in high resolution, enabling you to see all driver inputs and information with ease. It can display important information from the Touch Pro Touchscreen and your phone. The feature can be turned on and off dependent on driver preference.

Rear Seat Entertainment
The optional Rear Seat Entertainment System provides two 8" screens built into the rear of the front headrests. It includes ‘Journey Status’, a Navigation Summary screen which displays a pop-up for the rear occupant detailing the time and distance to destination. The system comes with two pairs of WhiteFire® digital wireless headphones and HDMI, Mobile High-Definition Link (MHL) and USB connections. Passengers can also enjoy their favourite TV shows via the optional Digital TV feature. Digital TV channels can be watched on the 10" Touchscreen in the front cabin and on the Rear Seat Entertainment screens.

**Remote** contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
A vehicle’s cabin is the ideal place within which to experience your personal choice of music and Range Rover Velar has the option of four different audio systems to bring your music to life:

Search ‘Range Rover Velar Technology’ for full details.

**SOUND SYSTEM (STANDARD)**
Outstanding acoustic range through eight speakers.

**MERIDIAN™ SOUND SYSTEM (OPTIONAL)**
Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of 10 door-mounted speakers and a dual channel subwoofer.

**MERIDIAN SURROUND SOUND SYSTEM (OPTIONAL)**
All the fullness and clarity of a live performance delivered through an arrangement of 16 front, side and rear speakers and a dual channel subwoofer - seamlessly brought together using Trifield™ technology. Exclusive to Meridian, Trifield perfectly blends the centre and surround channels with left and right channels ensuring an optimum, consistent sound experience for each passenger.

**MERIDIAN SIGNATURE SOUND SYSTEM (OPTIONAL)**
This delivers truly life-like reproduction, creating a profound, personal sound experience for every seat. World-first Trifield 3D technology takes surround sound to the next level, the Signature Sound System includes 22 speakers and a dual channel subwoofer. Incredibly authentic, the sense of cabin space is expanded to a 3D experience - rendering all the instruments, performers and venues of your favourite performances in true scale and location.

**DAB RADIO (OPTIONAL)**
The option of DAB radio technology offers improved sound quality, a wide choice of stations and live text information about the station, show and song you are listening to.
MERIDIAN™

Formed in 1977 in Cambridgeshire, England, Land Rover’s audio partner Meridian has pioneered many firsts including active speakers and the world’s first digital surround sound processor. Meridian’s audio technology input has helped ensure that Range Rover Velar is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, pitch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

**DIGITAL SIGNAL PROCESSING**

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

**MERIDIAN CABIN CORRECTION**

The advanced algorithm of Meridian’s Cabin Correction tailors the sound experience to the precise acoustics of Range Rover Velar’s interior.

**MERIDIAN DIGITAL DITHER SHAPING**

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

---

**TRIFIELD™**

Exclusive to Meridian, Trifield blends the centre and surround channels seamlessly with left and right channels, delivering a consistent, concert-like experience for all occupants.

**TRIFIELD 3D**

Building on Meridian’s proven Trifield surround sound technology - world-first in-car Trifield 3D truly brings musical performances to life. Through the addition of dedicated height channels, the sense of cabin space is expanded to a 3D experience, for a supreme sense of scale and definition to your music.

CONNECTIVITY

InControl is Land Rover’s suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. Select from two available packs that can be further enhanced by our individually offered features, such as Secure Tracker. With a selection of apps, even when you’re away from your vehicle, some of the InControl features stay with you, making sure the Land Rover experience is more enjoyable than ever.

Search ‘Range Rover Velar Technology’ for full details.
STANDARD FEATURES

VOICE RECOGNITION SYSTEM
Understands clear spoken instructions, so you can concentrate on the road ahead without any distractions.

REMOTE*
The Remote app provides upgraded information on your vehicle and enables you to interact with it remotely. Compatible with most smartphones, Android Wear™ or the Apple Watch®, this service includes:

- Remote Lock/Unlock - Lock or unlock your doors remotely with the click of a button. Simply press the ‘lock’ button on the Vehicle Security screen of the Remote smartphone app to single lock the doors, arm the alarm, fold in the wing mirrors and close the windows. Press the ‘unlock’ button to unfold the wing mirrors, turn on the dipped headlights and cause the hazard lights to flash twice.

- Remote Climate - Prepare your Land Rover in advance by pre-heating or pre-cooling the cabin, so that you and your passengers are comfortable from the moment you step inside.

- Beep/Flash - This feature turns on your Land Rover's hazard lights, dipped headlights and sounds an audible alert to help you locate your vehicle in a crowded car park.

- Journey Tracking - This opt-in feature can automatically record your journey history including your route and mileage statistics. This information can be exported by email to use for expense reporting and can be imported to a spreadsheet.

- Vehicle Status Check - Check current fuel level and range, and status of door and window position and locks. See the last parked location of the vehicle and find your way back to it with on-foot directions.

Land Rover Optimised Assistance - If you break down you can make a direct call to the Land Rover Assistance team by pressing the button on the overhead console or from the Assistance screen within the Remote smartphone app.

SOS Emergency Call - In a more serious incident, SOS Emergency Call will automatically connect you to the emergency response team who will notify the emergency services to your location. For peace of mind, this service is provided for the first ten years from date of registration.

*Remote and Land Rover Optimised Service contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent - check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.
SMARTPHONE PACK
By screen sharing with Range Rover Velar’s InControl infotainment system, the Smartphone Pack helps you stay connected to your smartphone even while in the car.

Android Auto™ was designed with safety in mind. With a simple and intuitive interface, it is designed to minimise distraction so that you can stay focused on the road. Simply connect your Android smartphone via a USB and control compatible apps on the in-car Touchscreen.

Apple CarPlay® is also designed for increased safety, enabling the use of apps while allowing the driver to concentrate on the road ahead. Connect your Apple smartphone to your car to use compatible apps such as maps, messages and music through the Touchscreen.

OPTIONAL FEATURES

NAVIGATION PRO
Standard on S, SE and HSE, Navigation Pro allows you to save your favourite places, use pinch-to-zoom gestures for simple map exploration and can display a choice of either 2D or 3D crystal clear map graphics. Traffic Sign Recognition is also included as standard on S, SE and HSE.

4G Wi-Fi Hotspot, and Pro Services1, are designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

Pro Services include:
- Real Time Traffic Information – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.
- Online Search – Wherever you are, you can search the surrounding area for places of interest. The system can access expert destination information, travel tips and inspiration as well as online travel reviews of the local area.
- Planning Routes and Door-to-Door Routing – Before setting off, use the optional Route Planner app or go online to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen. Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.

1Online functionality and Wi-Fi connectivity is dependent on the installation of a micro SIM with suitable data contract. 4G Wi-Fi Hotspot, and Pro Services contain subscription services that can be extended after the initial term advised by your Land Rover Retailer.

Remote contains subscription services that can be extended after the initial term advised by your Land Rover Retailer. InControl features, options and their availability remain market dependent – check with your Land Rover Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. Remote App will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.
- **Share ETA** - You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.

- **Satellite View** - There may be times when you want to get the context of your surroundings from overhead. With Connect Pro you can switch to satellite view with a single tap.

- **Commute Mode** - Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

- **Online Media** - Allows for the aggregation of numerous content providers and their personalised content – such as Deezer and TuneIn – that gives access to more than 40 million music tracks and four million on-demand programmes and podcasts. For the first time, these can be directly streamed from the vehicle without the need for a smartphone – providing a seamless and integrated experience.

- **Parking Service** - As you approach your destination, you can see where parking is available. Simply tap on your preferred car park and the navigation system updates to direct you to it.

- **Online Routing** - While you’re on your way to a destination the system monitors live traffic conditions and takes into account typical traffic patterns for that time of day, keeping you on the optimum route.

- **Safety Cameras** - This feature tells you when you’re approaching a safety camera.

**SECURE TRACKER²**

Uses tracking technology to alert you to an attempted theft, and signals your vehicle’s location to the relevant authorities for a timely recovery. Includes service subscription for warranty period.

²Secure Tracker will require further subscription after the initial term as advised by your local Land Rover Retailer.
DRIVER ASSISTANCE

EASIER AND SAFER
From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, you’ll find a range of features designed and engineered to heighten your enjoyment of the vehicle.

Search ‘Range Rover Velar Driver Assistance’ for more details.

STANDARD FEATURES

Emergency Braking can help to prevent collisions with other vehicles or pedestrians. If a potential frontal collision is detected, a warning is displayed giving you time to take action. A camera at the front of the vehicle monitors at speeds from 5km/h to 80km/h for frontal collisions and 5km/h to 60km/h for pedestrians. If a collision is still anticipated and you have taken no action, this system will apply the brakes to help reduce the severity of the possible impact.

Rear Camera provides improved visibility when reversing. This valuable parking aid also helps when hitching a trailer. Static lines representing the vehicle’s outer perimeter and predicted path are superimposed on the rearward image, to make parking in tight spots as easy as possible.

Cruise Control with Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. The Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Driver Condition Monitor detects if you’re starting to feel drowsy and gives you an early warning when you need to take a break.

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and applies a corrective torque to the steering wheel, encouraging you to guide your vehicle back.

Front and Rear Parking Aid helps make manoeuvring even easier. When you select Reverse, or choose to activate them manually, sensors located in the front and rear bumpers are triggered. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

OPTIONAL FEATURE

360° Surround Camera uses four digital cameras discretely placed around the vehicle, providing a 360° overhead view on the Touchscreen. With the capacity to display several different views at the same time, this helps with various manoeuvres from parking by a kerb, to getting in and out of tight spaces and junctions.

*Not available with standard LED headlights.

Features and their availability may differ by vehicle specification and market. Please refer to Specification and Price Guide for details or contact your nearest Land Rover Retailer for more information.
OPTIONAL PACKS

Optional packs are available featuring a range of technologies to enhance the driving experience. Park Pack enables you to park and manoeuvre safely and more easily in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. While Drive Pack makes every journey safer and more relaxing. The Driver Assistance Pack contains the most comprehensive suite of drive and park technologies.

PARK PACK

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle’s speed with the brake and accelerator pedals. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

Rear Traffic Monitor is particularly useful when reversing out of a parking bay. The system warns you of vehicles, pedestrians or other hazards, approaching from either side of your vehicle and will alert you with both audio and visual warnings so you know what’s behind you even when the view is obstructed.

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the vehicle are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicate how close you are to obstacles.

DRIVE PACK

Adaptive Cruise Control will keep your vehicle a safe distance from the one in front should it slow or stop when you’re cruising on the motorway or travelling in slow-moving traffic. Should the vehicle in front stop completely, your vehicle will come to a smooth halt. In stop-start traffic, Adaptive Cruise Control will automatically resume following the car in front. The system can be activated from 20km/h and once activated will operate between 0-200km/h.

High-speed Emergency Braking detects when a potential frontal collision with another vehicle may occur and displays a forward alert to warn the driver to brake. If the driver doesn’t react, the vehicle will deploy the brakes in order to reduce the severity of the possible impact. High-speed Emergency Braking is ready and active from 10km/h to 160km/h.

Blind Spot Assist can help prevent collisions. If your vehicle detects another car in your blind spot when you begin to change lanes, a small warning light illuminates in the corresponding wing mirror and a corrective steering torque encourages you to guide your vehicle safely away from the approaching vehicle.
The optional Driver Assist Pack offers a wide range of driver aids including the features found in both the Park Pack and Drive Pack (see page 29) together with 360° Surround Camera*. It also includes Adaptive Cruise Control with Steering Assist, which centres the vehicle in lane and maintains a set distance from vehicles ahead, making driving even easier and more comfortable.

*Not available with standard LED headlights.
Adaptive Cruise Control with Steering Assist can be activated from 20km/h and operates between 0-200km/h. It begins functioning when you press the ‘Set’ cruise button. A camera and radar then work together to track lanes ahead to maintain a central position for your vehicle, and moderate its speed according to the behaviour of the traffic ahead of you. If the vehicle ahead slows, even to a standstill – the feature automatically slows your vehicle, bringing it to a stop where necessary to maintain a relaxed and composed drive in busy traffic situations.

Adaptive Cruise Control with Steering Assist works with you; as you keep your hands on the wheel anticipating the road ahead, the system assists with steering, braking and acceleration. Should you remove your hands from the wheel, the vehicle will provide a warning. If the warning is not heeded then the Steering Assist is deactivated but the Adaptive Cruise Control remains active.
EFFICIENT TECHNOLOGIES

SUSTAINABLE BY DESIGN

Land Rover are committed to producing vehicles that use more sustainable materials, produce less waste and use fewer natural resources as part of our approach to sustainability excellence. Range Rover Velar’s development process has included a full life cycle assessment and has been designed to be 85 percent recyclable/re-usable and 95 percent recoverable at the end of the vehicle’s life.

Due to its advanced lightweight properties, Range Rover Velar’s body structure is 82 percent aluminium. Our innovative design incorporates up to 50 percent closed-loop recycled material from the manufacturing process of the body sheet, resulting in significant performance benefits and lower life cycle CO₂ emissions. The closed-loop supply chain reclaims scrap aluminium from the stamping process, segregates it and re-melts it into the same grade quality sheet, thereby reducing the need for primary aluminium production, whilst maintaining the highest quality.

ADVANCED AERODYNAMICS

The streamlined design of our latest vehicle has been carefully optimised to make Range Rover Velar the most aerodynamic Range Rover ever. A rear spoiler with two integrated slots to direct airflow over the tailgate minimises rear windscreensoiling and provides a reduction in drag of 0.32 CdA. The option of aerodynamically designed and engineered wheels can also help reduce drag by 5 percent.

ENGINE MANUFACTURING CENTRE

Jaguar Land Rover’s Engine Manufacturing Centre, where our engines are developed, has been built to the highest environmental standard (BREEAM Excellent) and features the largest rooftop solar panel installation in the UK. Comprising no fewer than 22,600 individual panels, which are capable of providing up to 6.2MW (enough energy to power up to 1,600 homes), the panels generate more than 30 percent of the site’s energy, reducing the plant’s CO₂ footprint by over 2,400 tonnes per year.

Search ‘Range Rover Velar Sustainability’ for full details.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
SAFETY

SAFE AND SECURE

Designed for optimum safety, Range Rover Velar has been engineered to include a wealth of standard features not only to protect you and your passengers, but to actively help prevent accidents from happening.

Range Rover Velar’s elevated Sports Command Driving Position provides enhanced visibility in all conditions. You can see more of the road and be easily seen by other road users; providing an enhanced feeling of safety and confidence.

Legendary sure-footed All Wheel Drive (AWD) with Intelligent Driveline Dynamic (IDD) capability, as standard, helps you stay firmly planted on the road, whatever the weather or environment throws at you.

The safety of Range Rover Velar is further enhanced by the latest technologies included as standard:

Dynamic Stability Control (DSC) monitors Range Rover Velar’s dynamic behaviour, intervening to maximise vehicle stability. DSC reduces engine torque and applies braking to the appropriate wheels to correct the vehicle’s direction of travel by counteracting understeer or oversteer.

Anti-lock Braking System (ABS) allows the vehicle to maintain traction with the road surface whilst braking and prevents wheels from locking – thereby retaining the vehicle’s ability to steer. The system helps to shorten the braking distance.

Electronic Brake-force Distribution (EBD) automatically varies the braking force to each axle in order to minimise stopping distance, while still maintaining stability and the vehicle’s ability to steer.
Electronic Traction Control (ETC) optimises traction and stability by controlling wheel spin. The ETC system reduces torque to the spinning wheel, then applies braking to the wheel, if required.

Cornering Brake Control (CBC) automatically varies the braking force to each wheel when the vehicle’s brakes are applied around a corner and the limit of grip is reached. The system will prevent the vehicle’s wheels from locking up and skidding in this event through varying the braking force applied to each wheel.

Roll Stability Control (RSC) is integrated with DSC to reduce the possibility of rollover, while providing agility and ability to steer around obstacles. It monitors the vehicle motion and cornering forces to detect any potential risk of rollover. When risk is detected, braking is applied to the outside front wheel to reduce forces which contribute to rollover.

Emergency Brake Assist understands when you apply the brakes quickly but without the necessary force to maximise stopping performance. It therefore boosts the brake pressure through the ABS pump to ensure you stop in time.

To help reduce the risk of a collision, the Emergency Stop Signal system automatically activates the hazard warning lights during emergency braking.

Emergency Braking – see page 28 for details.

To improve safety even further, two ISOFIX points for baby/child seat restraints are fitted on each side of the rear seats and a comprehensive system of six airbags including driver, passenger, side curtain and thorax airbags are standard to protect you.

Range Rover Velar has achieved a five-star Euro NCAP rating, confirming the vehicle is among the safest on the market. Offering outstanding protection for adults, children and pedestrians, the vehicle scored highly in all categories.

For information on active safety features please refer to Driver Assistance pages 28 to 31.

Search ‘Range Rover Velar Safety’ for full details.
BRIGHTER LIGHTS, SAFER NIGHT-TIME DRIVING

The Range Rover Velar features all-round exterior LED lighting as standard. LED lights are designed to last the lifetime of the vehicle and are more fuel-efficient as they use less energy. The quality of light produced is closer to daylight conditions, so driving at night becomes less tiring, and rear fog lights help ensure the vehicle is visible in all conditions.

The higher optional levels of headlight feature the distinct exterior graphic of the signature Daytime Running Lights (DRL) and Animated Directional Indicators, which reduce the time it takes other road users to recognise the intended direction of travel. When indicating, optional Static Cornering Lights which operate at speeds less than 40km/h, illuminate the road or driveway you are turning in to.

Driving at night or in poor visibility is made easier by the optional Auto High Beam Assist (AHBA) which detects lights ahead and automatically dips the main beam for oncoming traffic. Optional Matrix LED headlights enable Adaptive Driving Beam (ADB). By splitting the main beam into imperceptible vertical strips, the ADB maximises the number of high beam sections around oncoming traffic for ultimate visibility, whilst casting a shadow in front of oncoming vehicles to help prevent dazzling and for optimum safety. The Adaptive Front Lighting System (AFS) optimises the lighting beam to suit a range of driving conditions of town, country, motorway and bad weather. Both systems work together to maximise visibility in all conditions.

Laser high beam technology provides the ultimate headlight option, delivering five times higher luminance than standard LED lights. Becoming operational above 80km/h and when no other external lights are detected, the system produces clear sight for over half a kilometre.

Search ‘Range Rover Velar Safety’ for full details.

1. Front fog lights are optional and are included in Premium Exterior and Premium Black Exterior Packs. 2. Only available with Matrix and Matrix-laser LED headlights with signature Daytime Running Lights.

VERSATILITY

TRULY FLEXIBLE

Range Rover Velar provides optimum use of space with occupants enjoying the highest levels of comfort and stowage.

Automatic Access Height, as part of the optional Electronic Air Suspension\(^1\), allows you to get in and out of the vehicle with greater ease. When you arrive at your chosen destination and the ignition is switched off or the seat belts are unclipped, the vehicle lowers by an initial 10mm. Then, as you open the door, it drops to its full access height of 40mm lower, making exit – and entry – more relaxed and elegant. The ride height automatically returns to its normal height as you pull away.

Exceptional 970mm head clearance and 43mm knee clearance in the second row enables passengers to stretch out and relax. An optional electric recline function is also available for the rear seats, offering occupants in the second row additional comfort.

Optional Four-zone Climate Control helps make life more comfortable for everyone, by adjusting temperature levels, direction and intensity of airflow.

The 40:20:40 second row seat configuration features a rear-seat pass-through for stowage of skis, an armrest\(^2\) and for the greatest possible storage space, the entire row can be folded. Optional rear seat remote release levers are located in the luggage compartment and, when released, mechanically fold all the seats down. Even when you’re heading off on an extended road trip, you don’t have to compromise on space. With a maximum loadspace of up to 673 litres\(^3\), you can carry several suitcases or other bulky items with ease.

\(^1\)Not available on D180 and P250 engines.
\(^2\)Armrest not available on Luxtec and Suedecloth seats with 8-way manual seats.
\(^3\)When Tyre Repair System is fitted.
\(^4\)Towing up to 2,400kg for D180, P250 and P300 engines.

Vehicle shown is R-Dynamic HSE in Silicon Silver with optional features fitted (market dependent).
A detachable tow bar with a load capacity of up to 2,500kg is available as an option. Alternatively, there is the option of an electrically deployable tow bar, stowed in the rear bumper, with a load capacity of 2,500kg. Both allow you to use items such as bike carriers from the range of Land Rover Gear, adding even more versatility to the vehicle. Everything has been designed and engineered for ease of use and adaptability, to fit perfectly with your lifestyle. Search 'Range Rover Velar Versatility' for full details.

Dry: Volume as measured with VDA-compliant solid blocks (200mm x 50mm x 100mm). Wet: Volume as measured by simulating the loadspace filled with liquid.
NEW RANGE ROVER VELAR SVAUTOBIOGRAPHY DYNAMIC EDITION

SPECIAL VEHICLE OPERATIONS -
THE CONCEPT OF
SVAUTOBIOGRAPHY DYNAMIC EDITION

Designed and engineered by Special Vehicle Operations (SVO) – Land Rover’s Centre of Excellence for bespoke commissions, luxury editions and performance models – the new Range Rover Velar SV Autobiography builds on the World Car Design of the Year award 2018 achievement, dramatically adding to the Velar story. Born of reductive design principles, Velar’s signature formality and dynamic stance have been heightened. Design, refinement and performance have all been optimised to help deliver the next generation of Range Rover.
EXTERIOR

Range Rover Velar SVAutobiography Dynamic Edition takes the Land Rover bloodline to striking new territories. New features include a unique front grille and surround, a front bumper with larger openings to aid engine cooling, and rear bumpers. Such design details as quad tailpipes and forged wheels also add greatly to the vehicle's dramatic looks. These elements are further complemented by a unique colour – Byron Blue in Satin finish.
INTERIOR

From 20-way quilted perforated Windsor leather front seats with heated, cooled, memory and massage functions, to details such as the tactility of the Knurled Aluminium rotary shifter, the vehicle’s formal yet contemporary interior has been formed with the driver in mind. Added to which, the vehicle provides a calm sanctuary for all your passengers.
PERFORMANCE

0-100km/h in 4.5 seconds. A high-performance braking system. Superb aerodynamics. All coupled with Land Rover’s renowned capability. Range Rover Velar SVAutobiography Dynamic Edition delivers the most effortless, responsive drive. One that can take you and your passengers wherever you want, in the comfort and style you expect.
RANGE ROVER VELAR SVAUTOBIOGRAPHY DYNAMIC EDITION

There’s a portfolio of features distinct to Range Rover Velar SVAutobiography Dynamic Edition. These include a 5.0 litre V8 Supercharged Petrol engine, Diamond Quilted perforated Windsor leather seats, forged alloy wheels and new exterior paint colours such as Byron Blue in Satin finish. Please refer to the accompanying Technical Specification for full details.

UNIQUE FEATURES

DYNAMICS
- Active Sports Exhaust
- Sports suspension
- SV optimised Dynamic Mode.

EXTERIOR FEATURES
- SVAutobiography badge
- SV Exterior Pack
- Red brake calipers
- Performance 395mm front and 396mm rear brakes
- Optional Byron Blue in Satin finish exterior paint
- ‘Range Rover’ script in knurled effect, finished in Bright Chrome.

WHEELS
- 21” Style 5083, 5 split-spoke, Gloss Dark Grey
- 22” Style 5113, 5 split-spoke, Gloss Sparkle Silver with contrast Diamond Turned finish
- 22” Style 5113, 5 split-spoke, Gloss Dark Grey.

INTERIOR FEATURES
- Knurled metal rotary gearshift and control dials
- Quilted perforated Windsor leather seats with SV pattern
- SV Full Extended Leather Upgrade
- SV heated leather sport steering wheel
- SV Premium carpet mats
- Aluminium gearshift paddles.

SELECT YOUR ROOF
- Black Contrast Sliding Panoramic Roof* (Standard)
- Body-coloured Sliding Panoramic Roof (Optional)

SELECT YOUR COLOUR
- Byron Blue (Satin finish)
- Fuji White (Solid)

*Black contrast roof not available with Santorini Black exterior colour finish.
Select your wheels

All vehicles shown are Range Rover Velar SVAutobiography Dynamic Edition with optional features fitted.

Visit landrover.com to configure your vehicle online.
CHOOSE YOUR INTERIOR
To personalise the interior of your Range Rover Velar SVAutobiography Dynamic Edition even further, you can choose from a selection of materials, finishers and colourways.

 Ebony/Cirrus
(available in perforated Windsor leather and unique Diamond Quilted seat covers)

 Ebony/Pimento
(available in perforated Windsor leather and unique Diamond Quilted seat covers)

Interior shown: Range Rover Velar SVAutobiography Dynamic Edition in Ebony/Pimento with Ebony/Pimento perforated Windsor leather and optional Steel Weave Carbon Fibre trim finisher.

 Ebony/Vintage Tan
(available in perforated Windsor leather and unique Diamond Quilted seat covers)

The following pages take you through a logical series of steps to personalise your Range Rover Velar. You have a number of choices, from selecting your model and engine, to exterior and interior colours, wheels, finishes and those detailed touches that make the vehicle your own.

You can start with our online configurator at landrover.com
**STEP 3**
**CHOOSE YOUR SPECIFICATION PACK**
You can individualise your Range Rover Velar even further from a choice of superbly designed and engineered premium specification packs.

**STEP 4**
**CHOOSE YOUR EXTERIOR**
There’s a wide range of exterior options to select from, including roof styles, paint colours, exterior design packs and wheels – all enable you to truly express yourself.

**STEP 5**
**CHOOSE YOUR INTERIOR**
Once you’ve chosen your seat style, select your preferred colourway and choice of finishers.

**STEP 6**
**CHOOSE YOUR OPTIONS AND LAND ROVER GEAR**
You can choose from a wealth of line-fit options to create the exact vehicle you require. A range of accessories which your retailer can fit is also available to select from.
### STANDARD FEATURES

#### EXTERIOR FEATURES
- Rain sensing wipers
- Tailgate slotted spoiler
- Flush deployable door handles
- Heated exterior mirrors
- Solid paint
- Acoustic laminated windscreen
- Automatic headlights
- Follow me home lighting
- Rear fog lights
- Front and rear LED lights.

#### WHEELS AND TYRES
- Tyre Pressure Monitoring System (TPMS)
- 18" Style 1022, 15 spoke
- Tyre Repair System
- All-season tyres.

#### INTERIOR FEATURES
- Sunvisors with illuminated vanity mirrors
- Push Button Start
- Morzine headlining
- Painted door finishers
- Leather steering wheel
- Black gearshift paddles
- Metal loadspace scuff plate and metal front treadplates
- Two-zone Climate Control
- Ambient Interior Lighting
- Air Quality Sensor
- Auto-dimming interior rear view mirror.

#### SEATING AND INTERIOR TRIM
- Luxtetc and suedecloth seats
- 8-way manual front seats
- Two piece sliding front centre armrest
- 40:20:40 split fold rear seat
- Second row centre headrest.

#### DYNAMICS
- Single-speed transfer box
- Electric Parking Brake (EPB)
- 8-speed Automatic Transmission
- Terrain Response
- Anti-lock Braking System (ABS)
- Torque Vectoring by Braking (TVBB)
- Hill Descent Control (HDC)
- Hill Launch Assist
- Gradient Release Control (GRC)
- Electronic Traction Control (ETC)
- Dynamic Stability Control (DSC)
- Cornering Brake Control (CBC)
- Emergency Braking
- Roll Stability Control (RSC)
- Speed Proportional Electronic Power Assisted Steering (EPAS)
- Low traction launch
- Coil suspension
- Stop/Start
- Trailer Stability Assist (TSA)
- 325mm front brakes
- 350mm front brakes.

#### INFOTAINMENT
- Touch Pro Duo
- Analogue Dials with Central TFT Display
- Bluetooth® connectivity
- Sound System, 250W with eight speakers
- Remote
- Smartphone Pack
- Android Auto™
- Apple CarPlay®

#### SAFETY
- Perimetric alarm and immobiliser
- Advanced Emergency Brake Assist
- Brake pad wear indicator
- Six airbags
- Emergency Stop Signal (ESS)
- Seat belt reminder
- Rear ISOFIX
- Power operated child locks
- Driver Condition Monitor.

#### CONVENIENCE
- Keyless Entry
- Front and Rear Parking Aid
- Manual tailgate
- Loadspace cover
- Voice control
- Power Socket Pack 1 - 2 x USB, 3 x 12V
- Lockable glovebox
- Electric windows with one-touch open/close and anti-trap
- Rear Camera.

#### DRIVER ASSISTANCE
- Lane Keep Assist
- Electronic Brake-force Distribution (EBD)
- Cruise control with Speed Limiter (90mph/145km/h)
- Emergency Braking.

---

1. **CHOOSE YOUR MODEL**

**SELECT RANGE ROVER VELAR OR RANGE ROVER VELAR R-DYNAMIC**

To help you choose between the Range Rover Velar or Range Rover Velar R-Dynamic models, this guide provides the standard features across both models, plus the additional features you will get should you select Range Rover Velar R-Dynamic.

Range Rover Velar’s elegant proportions and unmistakable Range Rover design cues create a vehicle that simply demands attention.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.
Range Rover Velar R-Dynamic has a purposeful stance with Burnished Copper bumper accents, bonnet vents and side vents adding greatly to its sophisticated contemporary look and allure. The bonnet badge, tailgate script and grille are finished in Shadow Atlas whilst inside, the vehicle features Satin Chrome gearshift paddles and Bright metal pedals to enhance the sportier feel.

R-DYNAMIC FEATURES IN ADDITION TO STANDARD FEATURES:

- R-Dynamic treadplates
- Leather steering wheel with Atlas bezel
- Unique front and rear bumper design including integrated exhaust finishers*
- Satin Chrome gearshift paddles
- Shadow Aluminium trim finisher
- Bright metal pedals
- Ebony Merino headlining
- Gloss Black mirrors with Narvik Black scalps

*Only available on V6 and P300 engines.
Front fog lights shown on R-Dynamic are optional.
CHOOSE YOUR ENGINE

WHICH ENGINE IS RIGHT FOR YOU?

Lots of people struggle with this. But the truth is that it really depends on what your priorities are and the type of driving you do. Diesel engines are more powerful than petrol engines. They have a higher torque and so give a smoother drive. And they’re more fuel-efficient than petrol, particularly out of town on long journeys. On the other hand, the harshness, noise, and vibrations in diesel driven cars are higher than that of a petrol-driven car. Also, the maintenance cost of diesel cars is greater. Petrol cars are generally quieter and cheaper to run on shorter journeys.

Search ‘Range Rover Velar Performance’ for full details.

DIESEL ENGINES

D180
The Ingenium 2.0 litre 4-cylinder 180PS Turbocharged Diesel engine produces 430Nm of torque and is optimised to deliver the best fuel economy in the range.
- High-pressure common rail direct fuel injection, exhaust variable cam timing and a high-efficiency water-cooled intercooler work in combination for a clean, efficient combustion.
- Intelligent, electronically controlled, adaptive engine cooling only engages when required – minimising fuel consumption and CO2 emissions.
- The engine features a variable geometry turbocharger that adapts to the changing flow of exhaust gases for high torque throughout the rev range and responsiveness that is uniform, progressive and reduces lag.

D240
The Ingenium 2.0 litre 4-cylinder 240PS Twin Turbocharged Diesel engine produces 500Nm of torque, which improves upon performance whilst maintaining impressive fuel economy.
- Series sequential twin turbochargers deliver an ideal combination of peak power performance and superior low speed driveability.
- Upgrades include a higher-pressure common rail fuel system, increased from 1.800 to 2.200 bar, and an increased fuel injector flow rate. These combine to deliver optimised fuel economy, emissions and power delivery.
- The result is an engine that pushes performance boundaries of a 4-cylinder with the strong fuel economy inherent in the Ingenium range.

D275 & D300
The 3.0 litre V6 Twin Turbocharged Diesel engine is available in two power outputs and is ideal for higher power and torque demand usage with exceptional driveability.
- Innovative parallel sequential twin turbochargers - a concept pioneered by Jaguar Land Rover - feature a ceramic ball bearing on the primary turbo to reduce friction for maximum throttle response.
- A switchable coolant pump and two-stage oil pump are used for optimal thermal energy management, improving operating efficiency.
- The Piezo common rail fuel injection system enables precise control of the amount of fuel injected, creating a uniform mixture for more efficient combustion and lower emissions.
- The engine utilises these technologies to offer premium refinement and performance, whilst maintaining impressive fuel economy.
STEP 2
CHOOSE YOUR ENGINE

PETROL ENGINES

P250
The Ingenium 2.0 litre 4-cylinder 250PS Turbocharged Petrol engine produces 365Nm of torque and delivers outstanding fuel economy and driveability.

- The intelligent Continuously Variable Valve Lift (CVVL) system varies the extent to which inlet valves are opened, reducing engine-pumping losses. This lets the engine 'breathe' with maximum efficiency, optimising power and torque.
- CVVL works in combination with dual independent variable cam timing for ultimate operating flexibility, resulting in excellent power and fuel economy across the rev range.
- For excellent acceleration and effortless overtaking, maximum torque is available between 1,300-4,500rpm.

P300
The high performance Ingenium 300PS 2.0 litre 4-cylinder Turbocharged Petrol engine features upgrades to the boosting system.

- The uprated turbocharger features a high flow compressor wheel delivering 26% more air, enabling a peak power output of 300PS.
- The twin scroll turbocharger features ceramic ball-bearings which reduces friction and improves transient response.
- The twin scroll turbocharger is fed by an integrated exhaust manifold which increases the transfer of energy to the turbine – significantly reducing turbo lag and improving engine response.
This guide will help you select your ideal Range Rover Velar. No matter which model you choose, the standard specification Range Rover Velar, through to one of the three Specification Packs; S, SE or HSE - you can always select additional options from those featured on page 82 to make your vehicle even more individual.

Front fog lights shown on R-Dynamic are optional.

CHOOSE YOUR EXTERIOR

SELECT YOUR ROOF

Choose from an optional sliding panoramic or fixed panoramic roof both of which enhance the sense of space in the vehicle’s interior and flood it with natural light. The fixed panoramic roof provides uninterrupted views of the surrounding environment. The sliding panoramic roof opens fully to let the outside in. You can also select either body-coloured or Black contrast roof to further enhance your vehicle’s exterior.

Body-coloured Roof (Standard)  Body-coloured Fixed Panoramic Roof (Optional)  Body-coloured Sliding Panoramic Roof (Optional)

Black Contrast Roof (Optional)  Black Contrast Fixed Panoramic Roof (Optional)  Black Contrast Sliding Panoramic Roof (Optional)

1Black contrast roof not available with Narvik Black or Santorini Black exterior colour finishes. 2Includes rear tow eye cover surround in Indus Silver. All vehicles shown are R-Dynamic HSE with options.
SELECT YOUR PAINT COLOUR

Now you have chosen your preferred roof style, you can select your exterior paint colour. From rich, deep lustres to smooth, crisp metallics, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat colour. Our optional metallics deliver a sparkle finish that is sure to catch the eye. And our optional premium metallic paints further enhance the exterior form through the intensity of the liquid-like smoothness, giving your vehicle even more presence.
Black contrast roof not available with Narvik Black or Santorini Black exterior colour finishes. Includes rear tow eye cover surround in Indus Silver.

All vehicles shown are R-Dynamic HSE with options.

Interior shown: R-Dynamic SE interior in Eclipse/Ebony with Eclipse perforated grained leather and suedecloth and Carbon Fibre with Copper Wire Weave finisher.

Interior shown: R-Dynamic HSE interior in Vintage Tan/Ebony with Vintage Tan/Ebony perforated Windsor leather and Carbon Fibre with Copper Wire Weave finisher.

Interiors shown are for colour reference only and are not representative of all model specification.
PREMIUM TEXTILES

Range Rover Velar offers a fresh alternative to leather; contemporary and beautifully crafted textiles. In partnership with the world-renowned designers and craftspeople at Kvadrat, durable wool blend and suedecloth fabrics can be selected in a choice of colourways. Tested to the limits, these technologically advanced textiles are a superb alternative to leather and are available in all models.

Dapple Grey/Ebony

Interior shown: R-Dynamic HSE interior in Dapple Grey/Ebony with Dapple Grey premium textile and suedecloth and Satin Charcoal Ash veneer.

Dapple Grey/Light Oyster

Interior shown: R-Dynamic HSE interior in Dapple Grey/Light Oyster with Dapple Grey premium textile and suedecloth and Satin Charcoal Ash veneer.
SELECT YOUR INTERIOR FINISHERS

Now you’ve chosen your interior colour combination, choose one of eight interior finishers that are beautifully displayed above the door armrests, indicated by the number 1 below.

*Optional on Range Rover Velar.
STEP 5
CHOOSE YOUR INTERIOR

OPTIONAL

- Satin Blonde Linear veneer
- Satin Charcoal Ash veneer
- Argento Pinstripe veneer
- Satin Umber Linear veneer
- Grand Black veneer
- Carbon Fibre with Copper Wire Weave finisher

Visit landrover.com to configure your vehicle online.
SELECT AN INTERIOR DESIGN PACK
To add additional touches of individuality, sophistication and comfort to your cabin space, you can choose from three interior design packs.

S MODEL

As standard the Range Rover Velar S model includes perforated grained leather seats, Cut Diamond grain Luxtec on the mid instrument panel and door top roll lowers. A leather steering wheel with Black gearshift paddles is also included.

PREMIUM TEXTILE PACK

Premium textile seats with wool blend and suedecloth. Cut Diamond grain Luxtec on the mid instrument panel and door top roll lowers. Suedecloth steering wheel with Atlas bezel and Satin Chrome gearshift paddles. In addition auto-dimming, power fold, heated door mirrors with approach lights complete the pack.

1Interior shown: Light Oyster. 2R-Dynamic models are pre-selected with leather steering wheel, airbag cover with Atlas bezel and Satin Chrome gearshift paddles. Leather upgrades are available as individual options. 3Interior shown: Dapple Grey/Light Oyster.
Everything about your vehicle says something about you. This pack takes Range Rover Velar’s interior to heightened levels of finesse. You’ll find such touches as Satin Chrome gearshift paddles\(^4\), a leather steering wheel with Atlas bezel\(^5\), Extended Leather Upgrade\(^6\) and illuminated metal front and metal rear treadplates are all included. The pack also includes Premium Carpet Mats, Chrome IP End Caps, Illuminated Loadspace Scuff Plate and Suedecloth Headlining.

\(^4\)Standard on HSE and all R-Dynamic.  \(^5\)Standard on HSE.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.
CHOOSE YOUR OPTIONS AND LAND ROVER GEAR

SELECT YOUR OPTIONS

A wealth of line-fit options are available to select from at the point of ordering your new vehicle, to help you express your individuality and appoint your Range Rover Velar with precisely the premium features you require.

For full feature and option availability please refer to the accompanying Specification and Price Guide or visit your local Land Rover Retailer.

EXTERIOR FEATURES

Roof Rails
Line-fit roof rails facilitate easy fitment of cross bars for truly stable roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Available in Black or Silver finishes. Not available as Land Rover Gear - Accessories fit.

No Badges
You have the option to remove both the derivative and engine badges from the rear of the vehicle.

Privacy Glass
Provides privacy for rear passengers by restricting vision into the rear cabin.

Auto-Dimming, Power Fold, Heated Door Mirrors with Approach Lights
These advanced, heated mirrors are power folding to avoid damage when parking in confined spaces. In addition, the door mirror features auto-dipping functionality when the reverse gear is selected, improving visibility when manoeuvring. Integrated approach lights to the underside of the mirrors feature the Range Rover Velar silhouette. The mirrors are also equipped with a memory function when combined with memory seats. Once you set your ideal seating and mirror positions, it automatically recalls your preferred driving position settings.

Heated Windscreen
Offers a quick and convenient way to defrost or demist the windscreen. Featured heated washer jets prevent washer fluid from freezing so you can easily keep your windscreen clean in cold conditions.

Solar Attenuating Windscreen
This windscreen filters sunlight to reduce heat, and prevent UV rays from entering the cabin.

Fixed or Sliding Panoramic Roof
Premium LED Headlights with Signature Daytime Running Lights (DRL)
See page 36 for details.

Matrix LED Headlights with Signature DRL (includes Adaptive Front Lighting System and Intelligent High Beam Assist)
See page 36 for details.

Matrix-Laser LED Headlights with Signature DRL (includes Adaptive Front Lighting System and Intelligent High Beam Assist)
See page 36 for details.

1Mirror memory positioning linked to seat position only when memory seats are specified.
2Availability is dependent upon steering wheel option selected.
3Only available when illuminated treadplates are selected.
4R-Dynamic script on R-Dynamic models.

WHEELS AND TYRES

Summer Tyres
Summer tyres are optional on all wheel sizes except 18". Load index and speed ratings dependent on wheel sizes.

Full Size Spare Wheel
When full size spare wheel is selected, the loadspace floor height raises approximately by 10cm reducing loadspace to 558 litres. Includes tool kit.

Reduced Section Steel Spare Wheel
Reduced section steel spare wheel. Includes tool kit.

Reduced Section Alloy Spare Wheel
Lightweight reduced section alloy spare wheel. Includes tool kit.

Tyre Repair System
Provides an electric pump and a canister of sealant to enable a temporary repair and re-inflation for a puncture of up to 6mm diameter in the tread area of the tyre, but not in the tyre walls.
### INTERIOR FEATURES

- **Satin Chrome Gearshift Paddles**
  Complete the look and feel of your steering wheel with premium paddles. Gearshift paddles are finished in Satin Chrome to provide exceptional wear resistance with a premium finish.

- **Bright Metal Pedals**
  Stainless steel Bright finish sports pedal covers are easy to fit and feature hidden fixings for a clean finish.

- **Configurable Ambient Interior Lighting**
  This feature allows you to vary the colour and shade, changing the ambience of the cabin to suit your mood. There are 10 colours in total.

- **Lockable Cooled Glovebox**
  Cooled glovebox gives the option to vent the cooled air from the air conditioning system entering the cabin into the glovebox.

### SEATING AND INTERIOR TRIM

- **Rear Seat Remote Release Levers**
  Remote release of the rear seats via levers in the loadspace area makes folding the rear seats for additional loading capacity even easier.

- **Carpet Mats**
  510gsm tufted Ebony floor mats with stitched Range Rover Velar badge further enhance your vehicle’s interior. They feature Ebony suede effect binding and single Ebony stitching.

- **Premium Carpet Mats**
  800gsm twistpile Ebony floor mats with metal Range Rover Velar ingot protect your vehicle in exclusive style. They feature Ebony suede effect binding and single Ebony stitching.

- **Chrome Instrument Panel End Caps**
  Chrome IP end caps that finish the instrument panel.

- **Electrically Adjustable Steering Column**
  This feature allows electrical adjustment of the steering column’s reach and rake. Adjustment memory is linked to seat positioning if memory seats are taken.

- **Heated Steering Wheel**
  For the ultimate driver comfort in colder climates, a heated leather steering wheel is available.

- **Suedecloth Steering Wheel**
  A sueded cloth steering wheel with Atlas bezel and gearshift paddles is available. This gives you a better grip, is warmer in the cold and doesn’t get hot in the sun’s glare. Added to which, the material feels soft to the touch and looks superb.

- **Leather Steering Wheel with Atlas Bezel**
  Leather steering wheel with beautifully integrated Atlas bezel, perforation in the inner rim and thumb grips for better comfort and grip.

- **Loadspace Partition Net**
  Designed to protect vehicle occupants against the displacement of luggage. Following initial retailer installation the luggage partition can be easily removed with appropriate fitting tool. Complies with ECE-17 regulation.

- **Loadspace Storage Rails**
  Loadspace rails extend and adjust to secure items. Not compatible with full size spare wheel.

- **Smoker’s Pack**
  Add a lighter socket and ashtray to the centre console.

- **Hot Climate Pack**
  This includes the Four-zone Climate Control, Cabin Air Ionisation and lockable cooled glovebox.

### Four-zone Climate Control

- This system provides separate controls for the driver, front passenger and those on each side of the second row of seats. Includes additional vents in the B-pillar. Must be selected with lockable cooled glovebox.

### Cabin Air Ionisation

- This technology helps the wellbeing of both driver and passenger alike. It improves the air quality within the cabin, and can help reduce allergens, viruses, bacteria and odours. It does so by decomposing harmful substances, thus helping to cleanse the air in the cabin. It can be switched on or off.

### Timed Climate with Remote

- This pre-heats the engine, channeling residual heat into the cabin, so the vehicle is warm and comfortable by the time you leave the house. It has an integrated 7-day timer. It can be used daily or a single event up to 16 days ahead.

### Loadspace Lockable Cooled Glovebox

- This feature allows you to vary the colour and shade, changing the ambience of the cabin to suit your mood. There are 10 colours in total.

### Chrome Instrument Panel End Caps

- Chrome IP end caps that finish the instrument panel.

### Illuminated Metal Loadspace Scuff Plate

- Elegantly styled rear loadspace scuff plate illuminated by soft Blue lighting when the tailgate is opened. It protects the loadspace edge from scratches when loading and unloading. Not compatible with full size spare wheel.

### Illuminated Metal Front and Metal Rear Treadplates

- Illuminated aluminium treadplates, featuring Range Rover or R-Dynamic script are available on driver and front passenger sides.

### Morzine Headlining

- Woven cloth headlining available in Light Oyster or Ebony.

### Suedecloth Headlining

- Premium sueded cloth headlining option available in Light Oyster or Ebony.
DYNAMICS

350mm Front Brakes
The greater thermal mass of the 350mm front brakes improves resistance to brake fade.

Adaptive Dynamics
See page 15 for details.

Configurable Dynamics
See page 15 for details.

Electronic Air Suspension
See page 17 for details.

All Terrain Progress Control (ATPC)
See page 17 for details.

INFOTAINMENT

8" Rear Seat Entertainment
See page 21 for details.

Digital TV
See page 21 for details.

Power Socket Pack 2
Provides two additional USB charge points in the second row.

Power Socket Pack 3
Provides two additional USB charge points in the second row and one additional 12V socket in the front.

Head-up Display
See page 21 for details.

Interactive Driver Display
See page 21 for details.

Audio Systems
See page 22 for details.

Connectivity Features
See page 24 for details.

Technology Pack
Stay informed and feel safer with our most advanced driver assist technologies to date. These include Head-Up Display, Interactive Driver Display and Matrix-laser LED headlights.

DRIVER ASSISTANCE

Terrain Response 2
See page 18 for details.

Active Locking Rear Differential
See page 19 for details.

Dynamic Handling Pack
You can benefit from All Terrain Progress Control, Terrain Response 2, Adaptive Dynamics, Configurable Dynamics and Electronic Air Suspension with this optional pack.

84° Surround Camera
For a complete, all-round view, the optional 360° Surround Camera incorporating T-junction view, helps you to see everything clearly on the touchscreen. It provides an almost complete 360° view including a bird's-eye overhead view. It works seamlessly with features such as Hitch and Load Assist, making it ideal for towing a yacht or a horsebox. It can display several different views at the same time, offering both zoom and pan features.
CONVENIENCE

Activity Key
Makes living life to the full even easier. For extra convenience, you can wear the Activity Key if you prefer not to carry a key fob. The wristband is robust and fully waterproof. It allows you to enjoy a range of activities – and keep your vehicle key with you. You can use the Activity Key while keys remain in the vehicle as the conventional key fob is deactivated for security.

HomeLink®
The HomeLink® System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the vehicle interior for the correct handset when needed.

Powered Gesture Tailgate®
Powered gesture tailgate enables the driver to operate the tailgate (both to open and close) from the kerbside without needing to physically touch either the vehicle or the key fob. And as the system is compatible with accessory towing solutions, you can still tackle demanding situations with the least amount of fuss.

Convenience Pack
A powered gesture tailgate®, rear seat remote levers, a loadspace partition net, the Activity Key and Power Socket Pack 3 are all included in the Convenience Pack.

Engine Pre-Heater
This system can prove invaluable on cold winter mornings as it starts the engine quicker, delivers less engine wear and reduces fuel consumption. It’s also a more environmentally friendly way to start the vehicle.

TOWING

Fixed Rear Recovery Eye
When another vehicle is stuck in mud, snow or sand, this feature can really come into its own. Stable, robust and strong, it is ideal for any such situation – especially off-road.

Electrically Deployable Tow Bar®
See page 39 for details.

Detachable Tow Bar®
See page 39 for details.

Advanced Tow Assist
Advanced Tow Assist allows you to control the direction of your trailer when reversing. Using the Terrain Response 2 reconfigurable rotary dial via the Touch Pro controls, the system controls the vehicle’s steering to achieve the desired trailer trajectory. The Touchscreen will display both the current and desired trailer trajectory.

5Standard on SE and R-Dynamic SE and above. 6Towing weight may vary per engine. Please contact your nearest Land Rover Retailer for more information.

If an electronically deployable or detachable tow bar is selected an alternative rear tow eye cover will be present.

HomeLink® is a registered trademark of Johnson Controls, Inc.
SELECT YOUR LAND ROVER GEAR - ACCESSORIES

A range of stylish, tough and practical accessories is available, bringing you the opportunity to personalise your Range Rover Velar even further. These accessories can be purchased through your Land Rover Retailer and added at any stage during the vehicle’s life – not just when it’s new. Naturally, Land Rover Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

For more information and a complete list of options and Land Rover Gear configure your Velar at landrover.com

Vehicle shown is R-Dynamic HSE in Silicon Silver with the following accessories: 22” Style 1051, 10 spoke wheels in Satin Technical Grey with contrast Diamond Turned finish. Cross bars (optional roof rails required, see page 82), deployable side steps, ski/snowboard holder* and wheel mounted bike carrier*. 
TOURING

Cross Bars (optional roof rails required, see page 82)
Elegantly designed roof rails (which are an option fit only) facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. Maximum payload is 94kg. Durable bright finish aluminium cross bars, with T-track design which utilise the full length of the bars, providing space to mount multiple accessories. Aerodynamic profile minimises drag and wind noise. The incremental height when fitted is 93mm.

Large Sports Roof Box
Power-click quick mounting system with integrated torque indicator for easy and secure fixation with a single-handed grip. Opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Integrated base mat for extra secure loading. Load capacity eight skis/five-six snowboards, max length of skis 205cm. Volume 430 litres. Maximum payload 74kg.

Centre Armrest Cooler/Warmer Box
Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

iPhone® Connect and Charge Dock
The iPhone connect and charge dock has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. When connected the iPhone media is accessible and has the ability to be controlled via the integrated infotainment/audio system. The ‘cut-out’ design of the holder is such that the home button is also accessible for use when parked. The iPhone USB charger can be easily disconnected if the USB connection is required for other use.

Wireless Phone Charging Cupholder
The wireless phone charging cupholder has been designed to allow visibility of the phone whilst charging, utilising the cupholder space in the centre console. The holder will accommodate phones up to 73mm wide securely in place. The charger displays an LED light to indicate when charging, and turns off when complete.

Click and Go Accessory System
The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

1 Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted. 2 Maximum payload equals the load capacity of the roof mounted accessory.

iPhone® is a trademark of Apple Inc., registered in the US and other countries.

Visit gear.landrover.com for more information.
SPORTING

Tow Bar Mounted Bike Carrier
Tow bar mounted bike carrier available for two or three bikes. A quick release design for ease of use and lockable for security. Maximum load capacity 51kg (on the three bike carrier).

Aqua Sports Carrier
Carries one surfboard, sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches/scuffs. Maximum load capacity 45kg.

Ski/Snowboard Holder
Carries four pairs of skis or two snowboards and incorporates slider rails for easy loading and is also lockable for security. Maximum payload 36kg.

Luggage Carrier
Flexible rack system to facilitate roof carrying Maximum payload 61kg.

Wheel Mounted Bike Carrier
Lockable bike carrier designed for holding a single bike up to 20kg.

Kayak Carrier
Carries two kayaks or canoes. Also suitable for transporting crafts such as surfboards or small boats. Includes lockable multi-purpose holder to carry paddles. Tilts to facilitate easy loading/unloading.

DESIGN

Deployable Side Steps
These smart, practical steps make it easier to get in and out of the vehicle. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed. The side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed.

Sports Rear Spoiler
Sleek and dynamic Carbon Fibre rear spoiler for Range Rover Velar.

Carbon Fibre Mirror Covers
Stunning high grade Carbon Fibre mirror covers, with a High Gloss finish, provide a performance-inspired premium styling update.

Carbon Fibre Side Vents
High grade Carbon Fibre side power vents with a High Gloss finish provide a performance-inspired styling upgrade.

Personalised Illuminated Metal Front Treadplates
Personalised illuminated treadplates allow you to choose a personalised message using an approved set of fonts/typefaces which will be highlighted in white illumination when the front doors are open.

Illuminated Loadspace Scuffplate
Manufactured from stainless steel with a Bright finish, the rear loadspace treadplate finisher provides protection for the loadspace trim when loading or unloading and provides a premium finish to the loadspace with subtle illumination.

Gearshift Paddles
Complete the look and feel of your steering wheel with premium gearshift paddles. Gearshift paddles are machine polished, anodised and hand brushed to provide exceptional wear resistance with a premium Red or aluminium finish.

Illuminated Loadspace Scuffplate
Manufactured from stainless steel with a Bright finish, the rear loadspace treadplate finisher provides protection for the loadspace trim when loading or unloading and provides a premium finish to the loadspace with subtle illumination.

Deployable Side Steps

Not compatible with full size spare wheel.  Heat shield is required for two and three tow bar mounted bike carrier.

Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio system, if fitted.

Maximum payload equals the load capacity of the roof mounted accessory.

Deployable Side Steps

Tow Bar Mounted Bike Carrier

Tow Bar Mounted Bike Carrier

88
OUTDOOR

Protective Second Row Seat Covers
Protects seats from wet, dirty clothes as well as general wear and tear. Simple to fit and easily wipeable. Includes headrest and armrest covers.

Full Height Luggage Divider
Designed to prevent luggage from entering the passenger compartment. Manufactured in Black nylon coated steel, this full height luggage partition is easy to remove when not required. Complies with ECE-17 regulation.

Loadspace Partition Net
Designed to prevent luggage from entering the passenger compartment. The design of the loadspace partition net has been optimised to second row seating featuring tilt functionality.

Front and Rear Mudflaps
Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior styling.

Rubber Mat Set - Ebony
Rubber footwell mats for front and second row occupants help provide protection from general dirt. Branded and with bright accent Range Rover ingot and durable metal corner piece to the external edge.

Loadspace Rubber Mat
Land Rover branded waterproof rubber mat, with retaining lip, helps to protect the rear loadspace carpet from general dirt. This waterproof mat extension covers the back of the rear seats when they are folded down.

Loadspace Semi-Rigid Liner Tray
Semi-rigid waterproof loadspace liner tray with a raised lip on three sides to protect loadspace floor and side wall carpets from dirt or wet equipment.

LIFESTYLE

Luxury Carpet Mats
Luxurious, tailored, deep pile 2.050g/m² carpet mat set, with waterproof backing, provides a well appointed finishing touch to the interior.

Loadspace Retention Kit
The loadspace retention kit consists of a pack of attachments that fix into the loadspace rails via a quick lock/quick release system to help provide a comprehensive and flexible solution for retaining luggage and other items within the loadspace. The attachment pack includes a retractable strap with inertia reel and telescopic rod. Requires loadspace rails for fitment.

Luxury Loadspace Carpet Mat
Luxurious, tailored, deep pile 2.050g/m² loadspace carpet mat, with waterproof backing, provides a well appointed finishing touch to the interior.

Pet Loadspace Protection Pack
Designed to provide protection and easy cleaning of the loadspace from wet and muddy paws. Combines the quilted loadspace liner, full height luggage partition and spill resistant water bowl.

Pet Transportation Pack
Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the foldable pet carrier, spill resistant water bowl and loadspace rubber mat.

Pet Care and Access Pack
Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, pet access ramp and portable rinse system.
THE WORLD OF LAND ROVER

Your Land Rover has been designed and engineered to help you make more of your world. It can take you to places other vehicles simply can’t reach in a style that cannot be matched. To celebrate the Land Rover lifestyle, we’ve put together a range of experiences, publications and the Land Rover Lifestyle Collection. There’s a world to explore. Get out there and enjoy it.

EXPERIENCE DRIVES

Bring out your adventurous side and experience Land Rover’s legendary capability for yourself. Under the expert guidance of a world-class instructor, head to the most exciting and challenging off-road terrains and take the vehicle to its limits.

landrover.com/experience

ADVENTURE TRAVEL

From the sheer exhilaration of the Arctic ice to the awe-inspiring dunes of Namibia, Land Rover Adventure Travel offers you once-in-a-lifetime experiences that bring the spirit and emotion of our vehicles to life.

landrover.com/adventure
MANUFACTURING TOURS

This is a unique opportunity to step inside our state-of-the-art manufacturing facilities and see where the latest vehicles are born. Taking you behind the scenes, our expert tour guides will show you how Land Rover combines unrivalled craftsmanship with cutting-edge robotics.

landrover.com/tours

SPECIAL VEHICLE OPERATIONS

Whether it’s class-leading luxury, thrilling performance or extreme all-terrain capability, Land Rover excels. Special Vehicle Operations takes this even further. Delivering the absolute pinnacle of Land Rover engineering and design, each vehicle combines peerless refinement with power and cutting-edge technology, Which is why the SV badge represents so much.

landrover.com/svo
Our latest range of clothing and lifestyle accessories are crafted with the same design excellence and attention to detail, as our vehicles. Inspired by our unique heritage, there is something for the whole family.

landrover.com/collection

Free twice a year for your first three years as a Land Rover owner, this award-winning magazine features the best in photography, authoritative journalism and expert insights. Onelife takes you right into the heart of exclusive experiences and extraordinary adventures, whilst keeping you up to date with the latest innovations, design and lifestyle choices.

landrover.com/onelife
Integrity. Courage. Pride. These are the values that Land Rover shares with its partners. Whether it’s the Invictus Games, Virgin Galactic, Rugby World Cup 2019™ or the British and Irish Lions, each one is driven by exceptional people. Those who push their capabilities to the very limits and champion the determination to go above and beyond.

landrover.com/partnerships

Since 1954, Land Rover is proud to have supported the incredible humanitarian work of the International Federation of Red Cross and Red Crescent Societies (IFRC). Through vehicles, funding and combined expertise, this ambitious global partnership has helped to transform the lives of over one million people, across four continents.

YOUR PEACE OF MIND

CUSTOMER SERVICE
When you bring your Land Rover to us, we use cutting-edge diagnostic equipment to assess all your vehicle’s mechanical and electronic systems. Our qualified Technicians use tools specifically designed for our vehicles and only fit genuine Land Rover parts and Gear accessories. A choice of service plans are available which, together with Roadside Assistance, ensures complete peace of mind.

For further details contact your local Land Rover Retailer or search ‘Land Rover Ownership’.

LAND ROVER ROADSIDE ASSISTANCE
Land Rover Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

For further details please consult your Warranty Benefits handbook, contact your nearest Land Rover Approved Service Centre or search ‘Land Rover Roadside Assistance’.

LAND ROVER FINANCIAL SERVICES
Getting the keys to your very own Land Rover has never been so simple. And it’s more affordable than you might think. New or used, for personal or business use, we have an option that puts you in complete control.

For further details contact your local Land Rover Retailer or search ‘Land Rover Finance’.

FLEET & BUSINESS
Land Rover is dedicated to being the premium manufacturer of choice for fleets and businesses, by providing a highly attractive range of vehicles and exemplary customer service. Distinctive, capable and versatile, all Land Rover vehicles deliver low Total Cost of Ownership through strong residual values, competitive service, maintenance and repair costs, and impressive fuel economy and CO₂ emissions.

We are also committed to providing a totally customer-focused aftersales service, which will ensure every Land Rover vehicle is kept on the road and in top condition, in the easiest and most cost-efficient way for businesses.

Search ‘Land Rover Fleet and Business’ for full details.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually. *The figures provided are NEDC2 calculated from official manufacturer’s WLTP tests in accordance with EU legislation. For comparison purposes only. Real world figures may differ. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted. NEDC2 are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied. **WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. It measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile.

†TEL (Test Energy Low) and TEH (Test Energy High) figures are shown as a range under WLTP testing measures. TEL refers to the lowest/most economical figures (with the lightest set of options). TEH refers to the highest/least economical figures (with the heaviest set of options). WLTP legislation dictates that where there is <5g CO₂ variance between TEL and TEH, only the TEH is declared. ††Weights reflect vehicles to standard specifications. Optional extras increase weight. ‡Includes a 75kg driver, full fluids and 90% fuel. ‡‡Includes full fluids and 90% fuel.

Visit landrover.com to configure your vehicle online.
**DIMENSIONS AND CAPABILITIES**

**Standard Ride Height**
With roof rails 1.659mm (Air)/1.667mm (Coil)
With roof antenna 1.677mm (Air)/1.685mm (Coil)
With panoramic roof open 1.703mm (Air)/1.711mm (Coil)

Access height air suspension setting will reduce each of the above by 40mm

**Headroom**
Maximum front/rear headroom with standard roof 993mm/988mm
Maximum front/rear headroom with panoramic roof 970mm/966mm

**Legroom**
Maximum front legroom 1.023mm
Maximum rear legroom 944mm

**Loadspace Capacity**
Height 1.045mm, Width 1.247mm
Loadspace width between arches 1.050mm
Maximum loadspace volume behind first row Dry* 1.250 litres, Wet** 1.705 litres
Maximum loadspace volume behind second row Dry* 513 litres, Wet** 834 litres

**Obstacle Clearance**
Off-road height 248mm

**Turning Circle**
Kerb-to-kerb 11.6m
Wall-to-wall 12m

**Wading Depth**
Maximum wading depth 600mm/650mm

---

*Dry: Volume as measured with VDA-compliant solid blocks (200mm x 50mm x 100mm).
**Wet: Volume as measured by simulating the loadspace filled with liquid.
